

Memory
OF A LIFETIME®

FOR LOVING PETS

Memory of a Lifetime® products are created by a group of people who are compassionate, committed, and inspired. We are passionate about providing products and services to help families preserve the memories and legacy of their loved ones. We hope you can see the love and care we (Terrybear® Urns & Memorials and our pet loss partners) put into everything we do.

COMPASSIONATE. COMMITTED. INSPIRED.

Delivering exceptional products, personalization, and service.

Creating forward-thinking and meaningful memorials.

Caring for the life and legacy of customers, families, and each other.

PHOTO PRINTING

You can now customize an urn with a photo of your pet. Welcome to the newest addition of customization – photo print technology. This new service produces vibrant, photo-realistic printing with a scratch-resistant, durable surface.

The custom photo printing process includes four key steps:

- 1 Select a product
- 2 Select a design template
- 3 Select a font
- 4 Select a photo

1 SELECT A PRODUCT

4 SELECT A PHOTO

The photo you select may be the most important part of the photo printing process. The following helpful tips will guide you through the photo selection process and help ensure your custom photo print is of the utmost quality.

Subject of the Photo

✓ Ensure that the subject is in the middle of the photo to allow for the best possible photo placement within the design template.

✗ If your subject is near the edge of a photo, unbalanced cropping may result.

Attributes to ensure a high-quality photo print:

- Your Beloved Pet/subject of the photo is in focus and near the middle of the photo.
- A photo that is at least 4" x 6" and the subject is large and the primary focus of the image.
- The orientation of the photo matches the chosen design template.
- There is adequate space for cropping – at least a .25 inch around your Beloved Pet/subject.

Photo Size and Quality

✓ A high resolution photo ensures the highest print quality.

✗ A small photo that requires enlargement to fill the frame, or a photo with low resolution may result in poor print quality.

Photo Orientation

✓ Select a photo that matches the orientation of the design you choose to allow for proper image placement.

✗ A photo that does not match the orientation of the chosen design template may result in unbalanced cropping.

Attributes that may cause a poor-quality photo print:

- Your Beloved Pet/subject is out of focus, blurry, or near the edge of the photo.
- A photo that is smaller than 4" x 6" or where the subject of the photo is very small and needs to be enlarged.
- Your Beloved Pet/subject of the photo is very small – image quality will be lost when the photo is enlarged to fill the design template.
- The photo is of a group – group photos often make it difficult to crop properly. If a group photo must be used, please indicate your Beloved Pet.
